Introduction

For over a decade, NI Event Solution has been at the forefront of India's real estate marketing industry. What began as a turnkey exhibition contracting service has evolved into a trusted design-build partner, delivering impactful experiences for leading developers.

Today, our Mumbai-based team operates a 35,000 sq. ft. fabrication facility, powered by over 200 skilled professionals—ensuring precision, quality, and seamless execution at every stage.

From visionary concepts to fully operational sales spaces, we manage every detail so you can focus on closing deals. Blending strategic storytelling with design excellence, we create premium environments that inspire confidence, capture attention, and drive results.

Our integrated approach ensures that your lounge, launch event, or marketing activation isn't just built—it's thoughtfully crafted to convert.
